Oregon's Latino Roots

Bibliography

This bibliography is intended to be a thorough starting-point for researchers interested in the past and present of Latinos in Oregon. It compiles studies in a variety of disciplines, plus links to Oregon Latino publications, archives of primary source materials about the Latino experience in Oregon, and contact information for organizations serving the Latino community throughout the state. It is always growing and not exhaustive, but we hope it is very useful. Many thanks to Leslie Cagle, iSchool student at the University of Washington, for her work initially compiling these resources.

If you have a book, article, or other scholarly resource that you would like added to this bibliography, please contact David Woken, UO Libraries' History and Latin American Studies Librarian (dwoken@uoregon.edu, (541) 346-1883).
